Read what a Doctor and nurse had to say about the
First Set, the "TOP 21" program:

*"Initially, I wasn't sure about listening to CDs. But, once I listened to the first 3-pack, I couldn't wait to get the second 3-pack. The CDs were informative and fun! The program was very enlightening! I gained more useful, practical information from the tape program that I could apply in my practice, than I did from a Ph.D. level course in nutrition."
Dr. Cynthia Dietrich, RN, DC*

*I learned from the CDs that my fibrocystic breast disease could be helped with nutrition. Five surgeons had recommended a bi-lateral mastectomy as the only solution to the large, painful cysts in my breast. Within 10 days of starting on a Shaklee nutrition program that included the Basics, EG Soy protein, GLA, and, Essential Omega 3 Complex, my cysts were disappearing. Within 3 months they were totally gone."
Carmen M Wainwright, RN*
