

**A Clean House**  
Should not cause  
us or the earth  
**HARM**

*My mother use to tell me, "An ounce of Prevention is worth a pound of Cure". As an elite athlete I thought I was doing the right stuff. When I was introduced to Shaklee, I wasn't sold right away, it took time. After 47 years on Shaklee nutrition, I use no antibiotics or meds of any kind. Genetics? My relatives who did not choose Shaklee nutrition have had major health issues or died in their 70's of some disease. Their medical bills far exceeded my costs for nutritional products these 47 years.*

**Was it worth it?**

**72 and going strong!**

**Pulse: 60, BP: 117/67**

**An ounce of prevention!**

**HYDRATION  
PRODUCTS**

**71 year old Bonnie Zeman loves YOUTH!**

*"Two years of using the YOUTH skin care took away the bags under my eyes and my "turkey" neck is almost gone. Even more change took place after I started on the Hydration System."*

**Hydration Products: Moisture Activating Serum and Moisture Lock Day Cream. The serum increases hydration levels by 212% and the Cream "locks" it in.**

*Moisture Activating Serum  
Moisture Lock Day Cream*

Our hydration regimen feeds your skin with powerful botanicals, vitamins and 4 forms of hyaluronic acid to help lock-in your skin's moisture and smooth the appearance of fine, dry lines.

## The Shaklee Opportunity

The income earned from sharing Shaklee products with others can mean more fun, more time with family and friends, more choices about how you spend your day and your money. Ultimately, it can lead to a business that can be passed on from generation to generation. That's not speculation. That's our 60+ year track record.

From our scientifically proven products to our environmental sustainability, we've helped millions of people live more fulfilled lives. And we can prove it.

*"I wanted to be a full-time mom, contribute to the family income, and have a healthier family. I found Shaklee had it all."*

*Lisa*

## Allergic to Everything!

As I got older I sort of drifted away from the Shaklee products. I resigned myself to a life of taking prescription medications, allergy shots that would make me sick, and nasal sprays that were awful. I forgot how awesome Shaklee products were.

Then I decided to get cats. Now, I know what you're thinking, "He's allergic to everything ... surely cats are on the list!", and you'd be right.

But this time I remembered **Alfalfa and NutriFeron**. I got my product and started taking it. I got the cats. Then I waited to see what would happen. And here's the best part.... Nothing happened! No sneezing... no runny nose... no feeling miserable because cats are around. No more prescription medications that had nasty side effects! I can actually live in a house with cats and not have an allergic reaction. I have more energy. I sleep better. The only times I feel my allergies kick back up is when I forget to take my Alfalfa and NutriFeron!

I'll never drift away from my Shaklee supplements again.  
Tim Bowden

## A Real Turn-Around: "Hates to Read" ... to ... "Loves to Read"

*We were introduced to Shaklee and decided it was something that we were willing to try for our kids, especially our son. Our son is a sweet boy, but struggles in school because it's hard for him to pay attention and focus, which would lead to behavioral issues.*

*So, we tried their multivitamin and noticed differences within the week. By week two, we weren't struggling to help him with his homework. He was able to focus long enough to get through, which led to better grades and more confidence for him.*

**My son, who hates reading, now reads about 3 books a week (on his own) and has discovered a love for learning.**

*Shaklee has given us a gift. Now, my son is still fun, rambunctious, and full of energy alongside that he is eager to learn. This is now a regime that is a priority in our home and we are grateful for the positive changes that we've seen.*

*Moses & Cynthia Gilder*

**"Can't beat that!"**

*Another reason I do what I do! I got this message from one of our moms this morning and it brought me to tears.*

*Suzanne Flemming*

Good morning Suzanne. Just a little success report. My son (an Iraqi Freedom vet w/ PTSD) was having bad flashback dreams at night (vivid dreams). I put him on Vita-Lea and B-Complex in the morning, and OsteoMatrix at night. **No more vivid dreams. It's been three weeks.**

*This is such a rewarding business .... when you help someone improve their life it also touches yours!*

## Thyroid Pills, Statin Pills, Celebrex Pills & Asthma Inhalers GONE

*I've been working for Lorri for 4 years and during that time I discovered better options for my health. I had been on 4 or more drugs for a good 20 years and I thought I would be on them the rest of my life.*

*Recently I had a check-up with my doctor; he was taken aback when he inquired about my drugs and I replied that I was no longer on any of them! He checked my blood work and said, "Yes, you don't need them."*

*I started out by using Vitalizer Strips and Joint Health Complex and got very positive "results". I went on to add Vivix, Vitamin D3 and NutriFeron. I'm currently learning more about Pain Relief Complex, Stomach Soothing Complex and the Protein Shakes.*

*Oh, and I must tell you about Vitalized Immunity tablets. I was coming down with a bad cold while at work, and Lorri immediately got me to drink a glass of a dissolved orange tablet. I got amazing results almost immediately. So from that day on I make sure to have Vitalized Immunity on hand.*

**Feeling younger and healthier! Carolyn**

## BASIC G

Germicide & Disinfectant

- Bactericidal
- Fungicidal
- Germicide
- Feline Leukemia
- Cleans
- Deodorizes
- Disinfects
- Sanitizes
- Canine Parvovirus
- Kills HIV-1

Clean almost **"EVERYTHING"** with Basic G

Directions: 1/2 teaspoon in a 16 oz. spray bottle or one tablespoon in a bucket of water. Used in homes, day care centers, dog kennels, offices, veterinarian hospitals etc.

Use anywhere "real clean" is the goal!

*I've been blessed with a lot of things in life, but not good **cholesterol**.*

*Genetically, mine has always been high no matter what I do. My doc was going to put me on meds, so I said, "Give me 3 months, let me try something." I started taking Shaklee Cholesterol Reduction Complex and increased my fiber intake. My doc couldn't believe I dropped my overall cholesterol by 20%! Yes, 20%! Now my levels are fine, no need for meds. Shaklee products are all natural - no junk, no side effects. My nutrition sponsor for 7 years.*

*Thank you Shaklee, Matt Emmons*

## LOVELY LASHES

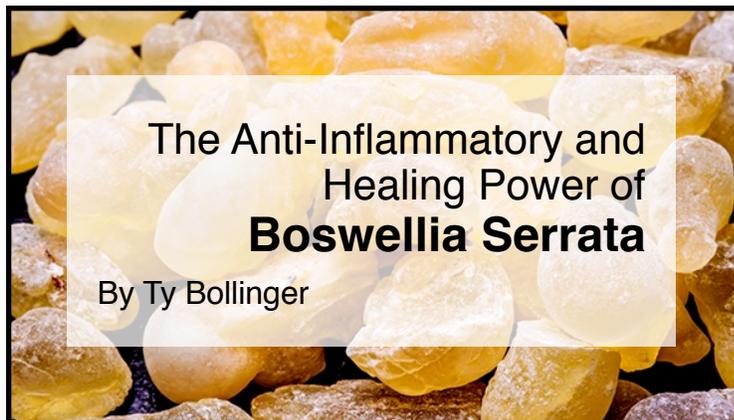

## Frankincense, scientifically known as *Boswellia Serrata*, is prized in Ayurvedic Medicine

You might recognize this latter name from various Biblical texts that regard it as a paragon of sacred significance. More precious even than gold, frankincense (as you may recall) was one of the gifts fit for a king that the magi brought with them to present to the newborn Christ after traversing the length of Asia to reach Bethlehem.

Frankincense was also considered to be amongst the highest valued currency traded throughout the Middle East. It held value so immense that the high priests of Israel would burn it as a most precious sacrifice to God.

In more modern times, frankincense has proven scientifically to fight inflammation, help control blood lipids, prevent coronary plaque, protect the liver, and help relieve pain.

**The boswellic acids found in frankincense resin are also powerful pain relievers that actually work *better* than non-steroidal anti-inflammatory drugs (NSAIDs)** such as aspirin and ibuprofen. And unlike NSAIDs, boswellic acids don't disrupt glycosaminoglycan synthesis, the process whereby the body utilizes simple sugars to regenerate cell tissue; "lubricate" the joints and other connective tissues; and all-around prevent premature aging and bodily breakdown.

### The Anti-Inflammatory and Healing Power of **Boswellia Serrata**

By Ty Bollinger

**RELIEF FROM SEVERE BACK PAIN:** "My son has had severe back pain for several weeks and even with strong pain medication (Percoset) still felt pain and discomfort. He applied **Shaklee's Pain Relief Cream** and after 20 minutes called to tell me he could feel a difference and could tell it was working."

Celeste Edwards

**SHOULDER PAIN GONE!** "I'm in a wheelchair, so I use my shoulders the way others use their hips .... and my shoulders ached! When I started using **Shaklee's Joint Health Complex and Pain Relief Complex**, the pain went away. It is very exciting."

Marlene Egerer

**PAIN FROM BROKEN ANKLE GONE!** "The first time I used **Shaklee's Pain Relief Cream** on my ankle (broken 15 years ago) the pain I have lived with 24 hours a day went COMPLETELY AWAY!"

Irene Churlik

#### **CHIROPRACTOR WITH SEVERE TENDONITIS REPORTS:**

"I developed severe tendonitis in my right shoulder and was not responding to anything because I was constantly working. I was getting very concerned because I was in so much pain it was making it very difficult to offer proper care to my patients .... I prayed for help. I was selected to test trial Shaklee's **Pain Management products** and immediately saw about 30% improvement.

I did an experiment and purposely stopped the products to see if the pain would come back .. It didn't. So I continued again, and after 30 days, I can honestly tell you that I had full function back and the PAIN WAS GONE!! These products are so needed in our profession. Everyone has had some pain in their life. I have seen so much pain in the 22 years I have been practicing. So go out and try to spread the news to everyone, especially doctors who are out there who can help numerous amounts of people. I am thanking Shaklee for these wonderful products, and more importantly, I am thanking God for Shaklee Corporation."

**Dr. Joy Buscemi, Chiropractor, Master's Degree in Nutrition**

( Boswellia Amounts: Pain Relief Complex 1,000 mg; Joint Health Complex 100 mg; Pain Relief Cream 0 mg)
